PRESS RELEASE

HRSA Welcomes the Automobile Association of South Africa as a Valued Sponsor

Historic Racing South Africa (HRSA) is proud to announce an exciting new partnership with the Automobile Association of South Africa, one of the country's most respected and trusted mobility organisations.

As part of this partnership, the Automobile Association has generously provided **complimentary membership to all HRSA competitors**, adding significant value to our racing community both on and off the track.

The AA has long been synonymous with **road safety, mobility support, and driver peace of mind**, offering a comprehensive range of services including:

- Roadside assistance
- Emergency support
- Travel and technical advice
- Driver safety advocacy

This collaboration aligns perfectly with HRSA's commitment to **safety, professionalism, and the well-being of our members**. While our competitors enjoy the thrill of historic motorsport on circuit, it is equally important that they are supported in their day-to-day driving—and this is exactly what the AA partnership delivers.

HRSA Chairman commented:

"We are delighted to welcome the Automobile Association on board. Their reputation for safety and support is unmatched, and this benefit adds real, practical value to every one of our members."

This partnership further strengthens HRSA's position as a **professionally run and competitor-focused racing organisation**, ensuring that our members receive benefits that extend far beyond race day.
